Special points of interest:

- **Outstanding PH Leader**
- **FAPHN Awards &**
- **FAPHN Scholarships**
- **Treasurer's Message—DUES NEEDED**
- **Sept 22 Education Program—BIG SUCCESS**

FAPHN is PLEASED AND proud TO PRESENT this award to **STEPHANIE VICK, MS,BSN, R.N.** Stephanie Vick is currently the Executive Community Health Nursing Director for Collier County Health Department (CCHD). Ms. Vick has contributed significantly to Collier County Health Department for many years; always coming up with ways to showcase the excellent work performed in and by Collier CHD demonstrating her superior leadership skills. Ms. Vick works diligently with her staff to advance the quality improvement program with a focus on achieving the Sterling status for Collier's processes. Ms. Vick is also the Director of the Family and Personal Health Division which encompasses the specific nursing aspects of public health and includes the Dental Department in CCHD. The Dental Department expanded services from two chairs in 2001 under the strategic business plan developed by Ms. Vick to seven chairs in 2011.

Ms. Vick has a broad perspective about public health and Collier CHD exhibits a competent public and personal healthcare workforce as a result of Ms. Vick's perspectives and ability to "think out of the box" resulting in staff increased excitement and passion for the challenges presented. Ms. Vick's leadership during the H1N1 Campaign resulted in Collier CHD ability to immunize over 50,000 residents through schools, health department sites, and another 50,000 residents working with private health providers. Ms. Vick is a mentor and instructor with those working for her always encouraging them to learn and to be successful public health professionals. Ms. Vick represents public health nursing on various committees pursuing solutions and planning for the future of nursing. Ms. Vick is passionate that Collier CHD provide exceptional customer service and was selected to represent the Florida Department of Health at the 2006 Partners in Public Health Conference. She led a panel discussion on organization excellence with customer focus and marketing strategies. Ms. Vick is FAPHN.

FAPHN selfishly shares supported FAPHN in two beginning in 2007.

Diana Coyle (L) Stephanie Vick (R)

the PRIDE because Stephanie different years as President (continued page 2)

OUTSTANDING PUBLIC HEALTH LEADERSHIP AWARD (continued from Page 1)

Stephanie Vick worked diligently with each Board; two as President and two Boards as Past President of FAPHN. Stephanie joined as a Charter Member when FAPHN was founded December 2002, joining just 6 weeks later. During her terms as President and Past President, Stephanie steered FAPHN into an increased visibility, introducing the new Florida Governor Crist and his staff to FAPHN, participated in the Florida Center for Nursing statewide Summit discussing the nursing shortage and encouraging the Board to submit articles to the FNA quarterly newsletter sharing information about FAPHN, its Mission, Vision and Values. The second term as President occurred when FAPHN had a vacancy in the position of President-Elect for the year 2008-2009. Stephanie unselfishly stepped up to the plate and during that highly productive year, Stephanie represented FAPHN at the ASTDN meeting. Stephanie assisted FAPHN in Regional Education Meetings offered to FAPHN members and open to any public health nurse interested in attending. Stephanie assisted in 2009-2010 with the highly successful Education Program and Annual Business Meeting of FAPHN held in Sarasota, Florida. Remember, all the time Ms. Vick devoted to FAPHN, she was full time working and supporting her employer Collier CHD.

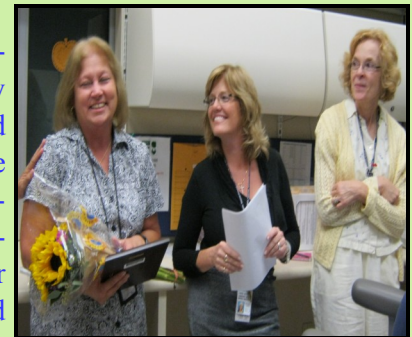

CONGRATULATIONS STEPHANIE VICK! FAPHN APPLAUDS YOU!

PUBLIC HEALTH NURSE of the YEAR 2010-2011

FAPHN is pleased to announce the PUBLIC HEALTH NURSE of the YEAR award to a Nursing Program Specialist who coincidentally, is an employee in the Refugee Health Program within Collier CHD. This is a unique event for FAPHN to issue Awards to recipients in same CHD. GO COLLIER!

This award is presented to ANN O'HARA. Ms. O'Hara is responsible administratively for the Refugee Health Program where she instructs her staff in policy and procedures, assures each client obtains complete assessment and is offered immunization opportunities. Ms. O'Hara investigates opportunities for vaccine funding to assist uninsured adults in need of vaccines. Ms. O'Hara also has developed and trialed patient education materials for high cholesterol that allow clients to receive medically appropriate education enabling the client to improve their management of cholesterol and prevent future disease. Since Ms. O'Hara assumed the responsibility of the Refugee Health Program in the Collier CHD, the Immunization rates have increased for the refugee and adult health populations.

Ann O'Hara (L) Laura Levine, and Dr. Coulter, M.D.

Ms. O'Hara shares her public health knowledge which she gained from both clinical experience and her recent completion of a Master of Nursing, Public Health degree from the University of Florida. This willingness by Ms. O'Hara to precept and teach improves the overall level of nursing care provided by the Collier CHD adult health clinic staff. Ms. O'Hara is not a member of FAPHN; this award by FAPHN recognizes nominees within the public health nursing community

CONGRATULATIONS ANN O'HARA!

FAPHN ADVANCED PRACTICE SCHOLARSHIP IS PROUDLY AWARDED TO LYNNE VICKERY, BSN, R.N.

Lynne Vickery is a Community Health Nursing Consultant at Alachua CHD. Lynne is pursuing a dual MSN/MBA at the University of Phoenix. She is a graduate of USF's Public Health Leadership Institute. Lynne joined FAPHN three years ago and joined the Board of Directors one year ago in the *position of 2nd Vice President*.

CONGRATULATIONS, Lynne.

R.N. to BSN SCHOLARSHIP is PROUDLY AWARDED TO**AVIE ROSE PARKER, R.N.**

Rose Parker is the Assistant Director of Nursing/Clinical Services at the Indian River County Health Department. Mrs. Parker is matriculating at Florida Hospital College of Health Sciences with anticipated graduation December 2012. Mrs. Parker is a loyal FAPHN member since February 2006.

CONGRATULATIONS ROSE PARKER!

AWARDS and SCHOLARSHIPS ANNUAL REPORT: Submitted by Chairwoman Diana Coyle, MS, R.N.

Ms. Coyle expresses her appreciation to the following committee members: Linda Bilyeu, Julie Byzcek, Cindy Whetsell and Amalia Kane-Crawford. The committee members worked diligently to update and revise the criteria for both awards and scholarships to improve relevancy

According to Ms. Coyle, the processes followed included the following:

- Notice of the Awards and Scholarship criteria were posted on the FAPHN WEB site.
- Applications are posted on the WEB site. <http://www.faphn.org>
- Notices were sent via E-mail to members encouraging participation.
- This year's deadline was August 26, 2011.
- Upon receipt, the nominations and applications went to committee and FAPHN membership verified in the categories requiring membership.
- The committee applied all criteria for each category to each application and nomination before finalizing a point level leading to final selection.

The FAPHN process, at this point, is to announce to the Board of Directors final decisions reached for each category. The committee members are the only ones to know the selection of applicants. **The announcement is made publicly at the FAPHN Annual Business meeting.**

HISTORY of FAPHN SCHOLARSHIP PROGRAM

Ms. Coyle reports that FAPHN has been able to assist **ten** FAPHN members (Public Health Nurses) seeking their R.N. to BSN degree since the year 2003. The initial fund in this scholarship began at \$500 and remained at this amount the first seven years. The Board of Directors decided in 2010 to increase the Scholarship amount for each program to \$1000 each as long as the membership continued to faithfully renew their dues and to recruit new members. **Six** FAPHN members (Public Health Nurses) pursuing the Advanced Degree have received Scholarships from FAPHN since the year 2005. Awarding these monetary Scholarships serves as part of the FAPHN efforts to meet the Mission of FAPHN.

Ms. Coyle reports **\$10,000** as the **GRAND TOTAL** spent on Public Health Nurse loyal members since the onset in 2003.

The Awards program *underwritten by FAPHN members* since the onset in August 2003, under the direction of **Stephen Mason**, Director of Community Public Health Nursing based in Key West (until 2005), spent a **GRAND TOTAL** of **\$2,197**.

Diana Coyle took over the management of these two programs in July 2005.

Please tell Diana and Stephen **THANK YOU!**

Diana can be reached at dcoble_se1@comcast.net.

Stephen can be reached at masonkwf@aol.com

PRESIDENT'S CORNER

HANNA HUNTER, MN, R.N.

Dear FAPHN Members and potential members.....

Henri Nouwen wrote:

"You don't think your way into a new way of living; you live your way into a new way of thinking!"

As the new President of FAPHN, I am truly committed to the goals of this organization that strives to provide leadership to Public Health nurses in Florida. I joined FAPHN several years ago [December 3, 2007] after I learned that the Mission was to educate the community regarding Public Health issues, and also to encourage nurses to attain their own educational goals. I saw firsthand as a member of the Board of Directors, that they were dedicated nurses working toward a common goal.

In these uncertain times, we all look to organizations that demonstrate resilience in the face of financial and social challenges. FAPHN is such an organization! The focus of our membership is to promote quality health care for consumers in our diverse communities in the State of Florida and beyond. We realize that Public Health issues touch many aspects of all of our lives.

The **outstanding work** done by Public Health nurses impacts the well being of young and old alike. Not only are children and families given needed health education, they are also provided with support and important services to help them lead healthy lives.

Public Health Nurses **must be recognized for their quiet fortitude** in helping families to address minor and major illnesses, and to prevent the spread of communicable diseases in our communities.

We encourage **YOU** to **JOIN** us in reaching out to new members in every county across Florida. Let us continue in these efforts to serve this generation, and many others to come.

Please read the Awards and Scholarship and Financial reports in this issue. The other pages also are worthwhile and demonstrate the super educational benefits to FAPHN members. FAPHN cannot continue this level of support to **you** without your assistance.

Sincerely, Hanna Hunter, MN, R.N.

FAPHN President 2011-2012

3rd Quarter 2011 New and Re-newing Members

Beard, Gail	Budetti, Dorothy	Bunting, Carol	Byczek, Julie	Carosa, Guy

MEET and GREET YOUR NEW BOARD! SHARE YOUR THOUGHTS, IDEAS AND DESIRES FOR FAPHN! WORK ON COMMITTEES...YOU ARE NEEDED but YOU WILL NOT BE OVERWORKED!!

FAPHN ANNUAL EDUCATION PROGRAM

SEPTEMBER 22, 2011

We experienced four wonderful speakers. The topics were diversified enough yet were expertly woven together by the format of the Agenda and the skills of the speakers. The evaluation results are not yet available as we go to print with this newsletter however, from the audible comments made that your Editors overheard, “Nothing but wonderful remarks!” The photos that follow will give you some idea and we have received several written comments via E-mail that are shared with you. *You were missed for sure!* Perhaps you will join us for the next program.

The theme for this program was: FAPHN-FOCUSED and ARMED to PROMOTE HEALTHY NURSES

MEET OUR SPEAKERS:

PAUL GIONFRIDDO

LINDA LACOMB-WILLIAMS

JANET EVANS

ANTHONY DENNIS

Mr. Gionfriddo spoke on “Public Health in a Time of Transition: Building a Strong Case for its Future” His excellent talk was accompanied with power point presentation and these slides are available to those who request. The slides will be placed on the FAPHN WEB site in the near future.

Mrs. Linda LaComb-Williams spoke on “Community Health Nurses can be FAITH Community Health Nurses”. Mrs. LaComb-Williams shared her personal experience as a Community Health Faith Nurse after many years working in Public Health . This is a most valued and interesting expansion of needed services to the community well and worried well and chronically ill.

Ms. Janet H. Evans spoke about “Childhood Trauma: A Public Issue”. This most serious consequence of events leading to trauma to a child tied in precisely with many of the points in Mr. Gionfriddo’s presentation speaking of Violence being a Public Health Concern.

Mr. Anthony Dennis presented on “Environmental Concerns for Public Health Nurses”. Mr. Dennis wove together his areas of responsibility into the concerns and various duties performed by public health nurses specifically body piercing, water hazards and toxins, food hygiene, oversight of group homes and care of clients to name a few.

Page 8 continues with some of this marvelous program with photographs and comments received thus far from those in attendance. *FAPHN was thrilled to locate these dynamic speakers and topics to share with its members while offering 5.5 CEs to those needing them for licensure.*

5.5 CEs FREE to FAPHN Members and provided through the University of Tampa Continuing Education Program. Special appreciation to Dr. Kim Curry, ARNP

EDUCATION PROGRAM SEPTEMBER 22*(continued from page 7)*

COMMENTS RECEIVED : “I just want to let you know how much I enjoyed the FAPHN education program in Altamonte Springs on Thursday. It was an excellent program and [FAPHN] did a wonderful job of organizing it! The FAPHN dues are well worth it. Thank You.” submitted by new member C. Bunting, PASCO CHD.

“I was excited to see a second educational offering, as I was unable to attend the last one. I’m so happy FAPHN is more active. It is especially nice with the lower moral at the DOH (cut-backs). The staff, I’m sure appreciates any time to get together and support one another. Keep up the great work!” submitted by S.B. Manguera

FAPHN MISSED TAKING THEIR PHOTO

SPECIAL THANKS to the ARMY HEALTH CARE TEAM and TO NOVARTIS VACCINES & DIAGNOSTICS, INC.
PLEASE EXPRESS YOUR PERSONAL APPRECIATION FOR THIS SUPPORT TO FAPHN

FAPHN received SPECIAL interest from our business partners who were unable to be with us at this conference due to logistical problems on the part of FAPHN.

It is our privilege to give them HONORABLE MENTION!

Sanofi Pasteur, Glaxo, Smith, Kline, School Health Corporation and Merck Pharmaceutical.

Graciously partnered with FAPHN by including our conference in one of their meeting rooms September 22 and sharing Patrick M. Langan and his staff when we required audio expertise! Great Job!

The Legacy Project

What FAPHN works to accomplish Together we make it happen.

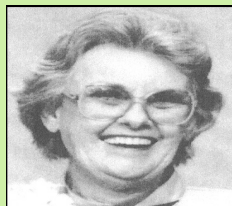

Kim Curry, PhD, ARNP

Dr. Curry reports the FAPHN Website Legacy Page currently contains Career Journey Information of 5 of our pioneers involved in public health in the State of Florida. There are so many of you still with us although may be retired occupationally. Please know how valuable your contributions to excellence in Public Health Nursing and Nutrition to Florida residents is and has been. Remember our keynote speaker September 22 reported that only a 5% increase in healthcare dollars to Public Health has proven to save the lives or improved the health status of 1000 residents in the state.

Perhaps a friend or colleague will assist you by working with you on the Career Journey Questionnaire. Please contact Dr. Curry with questions or submission of the information. Take a look at the 5 already on the Legacy Project page and celebrate their contributions privately or publicly. Let's **toot** your horn and the horn of all who paved the way to get us where we are today. Thank you one and all. These are the Journeys available:

Dorothy Ebersbach, Joyce Ely, Jean Munden [soon to be entered on WEB], Bobbie Thackeray, and Dolores Wennlund

Dr. Curry and committee members are working on Cora Brannon, Jules Graves, Alice Manley and Gertrude Teusink to name a few of the on-going efforts to honor these talented women in our Public Health Nursing arena in Florida. Please contribute! Complete the Career Journey on yourself, your colleagues and assist those who need your guidance and encouragement.

The forms are on the WEBSITE for your use. Also, if you prefer, contact Dr. Curry or Amalia Kane-Crawford and both are able to send the forms to you.

Some of you may be retiring and moving on to another plane in your Journey through life. Please share with FAPHN and FAPHN will preserve your Career in the Legacy Project. **WE WANT TO REMEMBER YOU!**

USJobsReport_sm.pdf

USJobsExecSum_sm.pdf

Affordable Care Act: Gallup Survey showed the rate of uninsured adults 18 to 25 fell to 24.2% in the second quarter, from 28% last fall. That means 1 million more young adults obtained insurance coverage. The provision in the Affordable Care Act (ACA) allows adults to be covered by their parent's insurance until they become 26!

ANA members receive \$200 discount on 2011 Nursing Management® Congress registration for those attending the Congress 2011 October 24-28 at the Paris Hotel in Las Vegas, Nevada.

White House meeting Spotlight's hospital-congregation partnerships! Federal officials met with leaders of 16 hospital systems to discuss how working with faith-based groups can improve patient care and reduce health care costs. A partnership between Methodist LeBonheur Hospital in Memphis, Tenn., and nearly 400 congregations pairs volunteer liaisons with patients reducing readmissions by 20%. [Sounds similar to our speaker on the 22nd September; Linda LaComb-Williams and Sharon Surrency! **Go Public Health Nurses! Yeah FAPHN!**]

Nation's 1st middle college for nursing makes its debut in Providence, Rhode Island. The R.I. Nurses Institute Middle College Charter offers a 4 year program starting in the 10th grade of high school and is the nation's first middle college to focus on nursing. Graduates to receive high school diplomas, college credits and possibly the nursing assistant certification according to the charter school superintendent Robert Pilkington.
